Disposable Endoscope Valves	4
Reusable Endoscope Valves	15
Water Container	23
Endoscope Reprocessing Accessories	26

A close-up photograph of a male technician with dark hair, wearing a grey work jacket with yellow accents and blue nitrile gloves. He is focused on working on a complex medical device, likely an endoscope, which is mounted on a black stand. He is using a small, precision tool to adjust a component of the device. The background is slightly blurred, showing a clinical or laboratory setting with blue surfaces and a red light fixture.

Disposable Endoscope Valves

SVD-83

2 piece disposable valve set for GI endoscope

A close-up photograph of a male technician with glasses, wearing a light grey lab coat over a green shirt and a yellow safety strap. He is wearing blue nitrile gloves and is focused on working with a small, dark, cylindrical component. In the background, a white microscope is visible on a table, and a tray containing many small, similar components is in the foreground. The scene is set in a laboratory or manufacturing environment.
